

WHY ADD YOUR BUSINESS TO OUR MAP?

Hi! Maybe you've heard of us before. We are the world's largest skate directory, and our mission is to connect our worldwide community of skaters with businesses around the globe in one single platform. Skaters in basically every single country are using Trucks and Fins to find skateparks, but they are also searching for places to stay. So, we developed a platform that makes it easy for hostels, hotels and surf camps to be found, regardless of where you are located. You will have full control of your listing, prices and how you interact with your clients. We don't want any commissions and, yes indeed, it only costs 50€/year.

For only 50 € per year you can add your business to our map. If you already have a website, great, you will probably get a boost straight to the top of the list on Google search. But if you don't have one, no worries, you just need an email account or telephone and you will start getting found on Google Search in a blink of an eye.

If you are looking for a way to increase your visibility and to attract some new customers, we have the audience for you. So, sign up today!

**How can you be found?
THERE ARE TWO
WAYS OF GETTING
DISCOVERED.**

1 HOW CAN YOU BE FOUND?

THROUGH A GPS LOCATION ON OUR MAP AND A BUSINESS PAGE

A GPS pin on our interactive map that links to your business page. Business pages include a personal page of your accommodation with your logo, title, description, link to your website, YouTube video, contact details, keywords to get found through our search option, and photos of your hostel, hotel or accommodation. Your business page will also help you to get found through google search results.

2 HOW CAN YOU BE FOUND?

THROUGH SERVICES LIST ON SKATEPARK DETAIL PAGE

Get found through the services list on every skatepark page near your business. Your business page includes your logo, title, short description and contact details. You will be found on the "Hotels and Travel" button on every skatepark near you, in a 30km radius. The radius can be increased in larger countries.
